

Service Project: Individual Quarantine Kit

Ages	Budget (per box)	Audience
6 and up	\$10 – 15	Homeless individuals quarantined due to COVID-19

Why It Is Important

Daily Planet Health Services (DPHS) provides care to families who have been hardest hit by the pandemic. Often they cannot afford to miss work because they are paid hourly or day to day, which puts additional stress on them to work even when sick, increasing the chance of COVID-19 spreading.

When a family in need must quarantine or isolate, we provide these food boxes to ease their burden.

These kits are a way you can provide food, necessities and comfort items for homeless clients who are temporarily quarantined in hotel rooms and other facilities while awaiting ongoing care to be arranged.
