

Service Project: Comfort Kits

| Ages | Budget (per kit) | Audience |
|----------|------------------|---|
| 6 and up | \$10 - 15 | Homeless, DPHS Medical Respite and Safe Haven clients |

Why It Is Important

Daily Planet Health Services (DPHS) provides care to many people who need small items to care for themselves while living on the street or while in our Medical Respite or Safe Haven facilities. Our Medical Respite clients come to us after they have been discharged from the hospital, but they do not have a safe place to go while recovering.

Our Safe Haven residents are in the process of becoming stably housed.

These kits are a way for you to provide some necessities as well as small treats to show that the community cares about their health and wellbeing.
